

# New and Emerging Technologies and Processes in Downstream Industries with Emphasis on Pipeline Transportation

**20 February 2026**

**Conference Venue:**

**Royal Orchid Resort & Convention Centre  
Yelahanka, Bengaluru**

## Agenda

Start Time	End Time	Session Title
09:00	10:00	Registration & Networking
10:00	10:10	Welcome address & lamp lighting (Net Zero Poster unveil)
10:10	10:25	Plenary Address 1
10:25	10:40	Plenary Address 2
10:40	11:00	Session 1: How AI is redefining energy Sector
11:00	11:15	Tea Break
11:15	11:35	Session 2: Corporate digitalization: A Strategic Imperative
11:35	11:45	Session 3: Curtain Raiser: PMHBL Corporate digitalisation program (CDP) & Key Features.
11:45	12:15	Panel 1: Emerging technologies in pipeline transportation: Innovation, automation & future-ready
12:15	12:35	Session 4: Off-Grid Hybrid Inverters
12:35	13:00	Session 5: Tech deployment in pipeline systems
13:00	14:00	Student felicitation and announcement of lunch break
14:00	14:30	Session 6: Driving excellence: strategic innovations at PMHBL
14:30	14:50	Session 7: New and emerging technologies and processes in pipeline transportation.
14:50	15:10	Panel 2: Operational excellence in pipeline systems: process Optimization and SOP modernization
15:10	15:25	Session 8: Advancement in Leak Detection System
15:25	15:40	Session 9: The next frontier of ILLI: overcoming challenges in complex pipeline system
15:40	16:00	Tea Break
16:00	16:10	Session 10: Demonstration: VR-based PIG receipt and launch activity
16:10	16:30	Session 11: Major changes during recent revision of OISD standards.
16:30	17:00	Panel 3: Next-Generation HSE
17:00	17:20	Session 12: When AI converges with IT & OT
17:20	17:40	Session 13: Advanced analytics: AI for petroleum pipelines.
17:40	17:55	Conference takeaways and way forward
17:55	18:00	Vote of thanks
18:00	19:00	High tea & networking
